Platform Completion Rate			
84.5%			

DETAILED AUDIT LOGS BY MODULE

ID	Feature Name	Status	Technical Implementation Details / Gaps
SUPER ADMIN (APP OWNER)			
1	Dashboard with all schools overview (total schools, revenue, active users)	Completed	Uses SuperAdminAPI.getDashboardMetrics
2	School onboarding — add/approve new schools	Completed	Interactive onboarding in super-admin.schools.tsx
3	Subscription plan management (create/edit plans, pricing, duration)	Completed	super-admin.subscriptions.tsx
4	Payment & billing tracking per school	Completed	super-admin.billing.tsx
5	Send announcements to all admins	Completed	super-admin.announcements.tsx
6	App-wide settings & configurations	Completed	super-admin.settings.tsx
7	Feature toggle per school (enable/disable modules)	Completed	super-admin.features.tsx
8	Analytics — MAU, DAU, churn rate per school	Completed	super-admin.analytics.tsx
9	Support ticket management	Completed	super-admin.support.tsx
10	Push notification broadcast to all users	Completed	super-admin.notifications.tsx
11	Manage app content (terms, privacy policy, FAQs)	Completed	super-admin.cms.tsx
ADMIN (SCHOOL OWNER) - SCHOOL SETUP			
12	School profile setup (name, logo, address, contact)	Completed	admin.school.tsx / School model
13	White-label branding per school (logo, colors, app name)	Partially Completed	Logo uploading active; CSS theme selection incomplete
14	Academic year & term/semester configuration	Completed	admin.school.tsx / AcademicYear model
15	Class & section management (Grade 1-A, 1-B, etc.)	Completed	admin.academics.tsx / Class / Section models
16	Subject management	Completed	admin.academics.tsx / Subject model
17	Timetable/schedule builder	Completed	admin.timetable.tsx / Timetable model
18	School calendar (holidays, events, exams)	Completed	admin.events.tsx / Calendar APIs
19	Subscription management & renewal	Completed	admin.subscription.tsx
20	Multi-branch school management (same admin, multiple campuses)	Completed	admin.branches.tsx / Branch model
21	Role & permission customization (what each staff can see)	Partially Completed	RBAC middleware fully ready; admin permissions UI mock
22	Data backup & restore	Not Implemented	No database backup endpoints built
23	Bulk import students/staff via Excel/CSV	Completed	admin.import.tsx CSV parser
24	Duplicate student/record detection	Completed	Unique constraint validation in bulk importer

ID	Feature Name	Status	Technical Implementation Details / Gaps
25	Audit logs (who changed what and when)	Completed	admin.audit.tsx AuditLog model with diff drawer
26	API access for third-party integrations	Not Implemented	Access key generator UI missing
ADMIN (SCHOOL OWNER) - ADMISSION MANAGEMENT			
27	Online admission enquiry form	Completed	parent.admissions.tsx / AdmissionEnquiry model
28	Admission application tracking	Completed	admin.admissions.tsx pipeline
29	Waiting list management	Completed	admin.admissions.tsx queue state
30	Document verification checklist	Completed	admin.admissions.tsx document checks
31	Admission fee collection	Completed	Integrated with gateway checkout
32	Offer letter / admission confirmation generation	Partially Completed	Email confirmations sent; automated PDF generation missing
33	New student onboarding flow	Partially Completed	Simple layout routing and student creation triggers ready
ADMIN (SCHOOL OWNER) - STAFF MANAGEMENT			
34	Add/edit/remove staff accounts	Completed	admin.staff.tsx / Employee model
35	Assign roles (teacher, accountant, driver, etc.)	Completed	admin.staff.tsx role allocation
36	Staff attendance tracking	Completed	admin.hr.tsx / Attendance model
37	Staff payroll management	Completed	admin.hr.tsx / Payroll model
38	Staff leave requests & approvals	Completed	admin.hr.tsx / LeaveRequest model
39	Staff documents upload (ID, certificates)	Completed	Uploader logic in admin.staff.tsx
40	Teacher performance review	Not Implemented	No review criteria models built
41	Substitute teacher management	Not Implemented	No automated shift mapping
ADMIN (SCHOOL OWNER) - STUDENT MANAGEMENT			
42	Student enrollment & registration	Completed	admin.students.tsx / Student model
43	Assign students to classes/sections	Completed	admin.students.tsx dropdown updates
44	Student profile management	Completed	admin.students.tsx profile details card
45	Student ID card generation	Completed	HTML printable student ID card layouts
46	Transfer/TC (Transfer Certificate) management	Completed	TC status management trigger
47	Alumni records & directory	Completed	admin.alumni.tsx / Alumni model
48	Student discipline & behavior records	Completed	admin.discipline.tsx / Discipline incident model
ADMIN (SCHOOL OWNER) - FEE MANAGEMENT			
49	Create fee structures (tuition, transport, activity fees)	Completed	admin.fees.tsx structure config
50	Assign fees to classes/students	Completed	Automated billing runs in fee service
51	Fee payment tracking & history	Completed	Ledger registers & histories
52	Send fee reminders to parents	Completed	Individual & school-wide reminder sweeps
53	Generate invoices & receipts	Completed	Styled tax invoices & printable receipts
54	Overdue fee reports	Completed	Fee outstanding balances widgets
55	Online payment gateway integration (UPI, card, net banking)	Completed	Integrated Stripe/Razorpay checkouts
56	Sibling discount management	Completed	Concession panel adjustment
57	Scholarship & concession management	Completed	Custom dues adjustments
58	Partial payment & installment plans	Completed	Auto ledger collection update
59	Fee defaulter list with auto follow-up	Completed	Auto reminder scheduler scripts
60	Split fee collection (partial online, partial cash)	Completed	Collect dialog supports split parameters
61	GST / tax invoice generation	Completed	Automated 18% GST calculation added
62	Refund management	Completed	Fee refunds controller mapping
ADMIN (SCHOOL OWNER) - REPORTS & ANALYTICS & COMMUNICATION			
63	Attendance reports (students & staff)	Completed	admin.hr.tsx attendance metrics charts

ID	Feature Name	Status	Technical Implementation Details / Gaps
64	Fee collection reports	Completed	admin.fees.tsx transaction charts
65	Academic performance reports	Completed	admin.academics.tsx marks charts
66	Enrollment statistics	Completed	School growth trends dashboard widgets
67	Export reports as PDF / Excel	Completed	export.controller.ts handlers
68	Send announcements to all / specific classes / parents	Completed	admin.communications.tsx
69	Bulk SMS & push notification sender	Completed	Broadcaster panel in admin.communications.tsx
70	Manage notice board	Completed	Notice lists manager
71	Parent-teacher meeting scheduler	Partially Completed	PTM routes exist; video call integration missing
72	School news feed / social wall	Completed	Community posts boards
73	Digital school magazine / newsletter	Not Implemented	No publishing module built
STAFF / TEACHER - CLASSROOM & EXAMS			
74	View assigned classes & timetable	Completed	teacher.timetable.tsx
75	Mark student daily attendance (present/absent/late)	Completed	teacher.attendance.tsx
76	QR code / ID card scan based attendance	Partially Completed	Daily grid active; webcam scanner mock
77	View class student list with profiles	Completed	teacher.students.tsx
78	Upload study materials (PDFs, videos, docs)	Completed	teacher.materials.tsx
79	Assign homework & track submission	Completed	teacher.assignments.tsx
80	Syllabus upload per class/subject	Completed	teacher.syllabus.tsx
81	Syllabus completion tracker (% covered)	Completed	Percentage status tracker slider
82	Lesson plan creation & submission	Completed	teacher.lesson-plans.tsx
83	Admin review & approval of lesson plans	Completed	Approval statuses mapped in dashboard
84	Curriculum mapping	Partially Completed	Core tag mappings ready
85	Create exams & question papers	Completed	teacher.exams.tsx
86	Enter/upload student marks	Completed	Marks registry input tables
87	Generate report cards with GPA calculation	Completed	Marks aggregate calculations
88	View subject-wise performance analytics	Completed	Performance metrics charts in teacher.reports.tsx
STAFF / TEACHER - BEHAVIOR & COMMUNICATION & PERSONAL			
89	Student behavior log (incidents)	Completed	teacher.behavior.tsx
90	Disciplinary action records	Completed	Behavior incident templates
91	Parent notification on discipline issues	Completed	Auto notifications triggered
92	Counselor referral system	Not Implemented	No counselor directories built
93	Reward points / merit badge system	Completed	Achievement badge award selectors
94	Send messages to parents of their class	Completed	teacher.messages.tsx
95	Group chat (class group, parent group)	Completed	Group threads
96	Receive school announcements	Completed	Announcements feeds
97	Chat with admin	Completed	Admin chat threads
98	Video call with parents	Not Implemented	No WebRTC integration
99	Raise leave request	Completed	teacher.leave.tsx
100	View own attendance & salary slip	Completed	payroll ledger details
101	View personal timetable	Completed	Teacher timetable view
102	Profile management	Completed	teacher.profile.tsx
103	View & download payslips	Completed	teacher.payroll.tsx payslip files
STUDENT			
104	View personal timetable & class schedule	Completed	student.timetable.tsx
105	View attendance record (daily/monthly)	Completed	student.index.tsx attendance percentage chart

ID	Feature Name	Status	Technical Implementation Details / Gaps
106	Download study materials & notes	Completed	student.materials.tsx
107	View & submit homework assignments	Completed	student.assignments.tsx uploader
108	View exam schedule	Completed	student.exams.tsx
109	View marks & report cards	Completed	Exam results and GPA metrics
110	Download performance certificates	Completed	Achievement downloads
111	View school notices & announcements	Completed	Notices lists
112	Fee payment history (view only)	Completed	student.fees.tsx transaction lists
113	School calendar access	Completed	student.calendar.tsx
114	Live GPS bus tracking on map	Partially Completed	GPS tracking route map built; coordinate stream is mock
115	Chat with teacher (if enabled)	Completed	student.messages.tsx threads
116	Virtual classroom / online class access	Completed	Meeting link redirects
117	View class recordings & replays	Not Implemented	No recording playback player built
118	In-class polls & quizzes participation	Completed	student.quizzes.tsx
119	Library book catalog & borrowing status	Completed	student.library.tsx catalog reservations
120	View co-curricular activities & events	Completed	Events registry list
121	Student portfolio builder (work samples over years)	Not Implemented	No portfolio logs built
122	View achievement badges & merit points	Completed	Student badge viewer
123	Sports team & competition details	Completed	student.sports.tsx
124	Canteen menu & pre-order meals	Completed	student.canteen.tsx meal planners
125	Canteen wallet balance (view)	Completed	Canteen wallet metadata cards
126	Birthday notifications & wishes	Completed	Dashboard banners
127	Student council voting	Completed	Elections ballot panels
PARENT			
128	View child's attendance (daily/monthly)	Completed	Live sibling attendance records in parent.academics.tsx
129	View child's homework & submission status	Completed	Syllabus / diary homework submissions details
130	View exam schedule & results	Completed	Live child exams list
131	Download report cards	Completed	Direct link to child report card summaries
132	View timetable	Completed	Sibling timetable
133	Monitor behavior & discipline records	Completed	Sibling discipline incident lists
134	View achievement certificates & badges	Completed	Sibling awards dashboard
135	Manage multiple children (if siblings enrolled)	Completed	Header child selector switch with session state sync
136	Live real-time bus GPS tracking on map	Partially Completed	Leaflet map UI renders route path; location tracker uses mock data stream
137	Bus arrival push notification	Partially Completed	Simulated alert on parent transport page
138	Bus route map with all stops	Completed	GPS stops list
139	Driver name, photo & contact number	Completed	Driver details fetched from database TransportRoute
140	Student boarding/deboarding alerts	Completed	Boarding details history list
141	Bus schedule & stop timings	Completed	Stops arrival times schedule list
142	Trip history (past routes & times)	Completed	Trip histories grid
143	SOS / Emergency alert from bus	Completed	SOS signals active in transport panel
144	In-app chat with class teacher	Completed	parent.communication.tsx direct chats
145	Video call with teacher	Not Implemented	No WebRTC integration
146	Receive fee reminders & pay fees online	Completed	Integrated Stripe Checkout
147	Receive school announcements & notices	Completed	Announcements dashboard feeds
148	Request parent-teacher meeting	Completed	PTM requests wizard
149	Submit leave application for child	Completed	Leave application submitter form

ID	Feature Name	Status	Technical Implementation Details / Gaps
150	Read receipts on important notices	Not Implemented	No receipt confirmation logs built
151	Message translation (multi-language support)	Not Implemented	No localization parser built
152	Parent-to-parent community forum	Completed	parent.community.tsx boards
153	Automated reminders (fee due, exam tomorrow, PTM)	Completed	Compiled alerts feed in parent.notifications.tsx
154	Feedback & rating on school events	Completed	Event satisfaction logs
155	Anonymous suggestion box	Completed	Suggestion logs
156	View pending & paid fees	Completed	Dues outstanding and payment balance summary
157	Pay fees via UPI / card / net banking	Completed	Stripe/Razorpay checkouts
158	Download payment receipts	Completed	Receipt downloader
159	Canteen wallet — load balance for child	Completed	RFID wallet credit load dialog
160	Canteen transaction history	Completed	Canteen purchases transaction logs list
161	Update contact & profile information	Completed	parent.profile.tsx profiles settings
162	Notification preferences (what alerts to receive)	Completed	Preference settings toggles
163	Submit feedback / satisfaction survey	Completed	School performance ratings forms
BUS DRIVER & LIBRARY & CANTEEN			
164	Driver login & profile	Completed	driver.index.tsx login forms
165	Start / end trip with one tap	Completed	driver.index.tsx starts GPS trip log status
166	Mark each student as boarded / deboarded	Completed	Daily boarding checklist tags
167	Live route navigation	Partially Completed	Static lists of stops maps
168	Breakdown / delay reporting to admin	Completed	Driver notification alerts logs
169	Driver attendance tracking	Completed	Check-in logs
170	Vehicle maintenance log & reminders	Not Implemented	No maintenance logs catalog
171	SOS panic button	Completed	Driver emergency dispatcher
172	Trip history & logs	Completed	Trips logged list grid
173	Book inventory & categorization	Completed	admin.library.tsx books manager
174	Issue & return tracking	Completed	Book circulations table logs
175	Fine calculation for late returns	Completed	Automatic fine structures
176	Book search & reservation by student/parent	Completed	Library searches & reservations catalogs
177	Low stock alerts for admin	Completed	Stock counts warning banners
178	E-book / digital resource section	Not Implemented	Digital catalog is missing
179	Digital menu display with nutritional info	Completed	Canteen menus boards
180	Allergy / dietary preference tagging	Completed	Student allergy metadata
181	Pre-order meal for the day	Completed	Canteen pre-order checklists
182	Canteen wallet system (parent loads, student spends)	Completed	RFID wallets active
183	Transaction history for parents & admin	Completed	RFID transactions history tables
184	Daily sales report for canteen admin	Completed	Canteen sales analytics charts
HEALTH & MEDICAL			
185	Student medical profile (blood group, allergies, conditions)	Completed	StudentMedicalProfile schema & queries
186	Vaccination records	Completed	VaccinationRecord schema & queries
187	School nurse / doctor visit logs	Completed	ClinicVisitLog schema & queries
188	Medication tracker	Completed	MedicationPlan schema & queries
189	Incident / injury reports	Completed	HealthIncident schema & queries
190	Health alerts sent to parents	Completed	HealthAlert schema & queries
191	Annual health checkup records	Completed	AnnualHealthCheckup schema & queries
HOSTEL & SPORTS			

ID	Feature Name	Status	Technical Implementation Details / Gaps
192	Room & bed allotment	Completed	admin.hostel.tsx rooms maps grid
193	Hostel fee management	Completed	Hostel billing dues
194	Warden communication portal	Completed	Warden notices logs
195	Student in/out register	Completed	Gate check-ins registers
196	Hostel attendance	Completed	Hostel attendance checklist
197	Visitor log for hostel students	Completed	Hostel visitors log list
198	Hostel notice board	Completed	Hostel notices boards
199	Sports team management	Completed	admin.sports.tsx teams map
200	Tournament & match scheduling	Completed	Tournaments lists matches
201	Student achievement / trophy tracking	Completed	Achievements trophies log grids
202	Extracurricular activity enrollment	Completed	Students enrollment checklists
203	Coach / instructor assignment	Completed	Coaches allocations selectors
204	Inter-school competition management	Completed	Competitions log charts
205	Sports day & annual day scheduling	Completed	Annual days event calendar
ONLINE CLASSES & VISITOR & SAFETY			
206	Live class scheduling (Zoom / Meet integrations)	Completed	Meeting URL triggers
207	Class recording & replay	Not Implemented	No recording player built
208	Virtual whiteboard	Not Implemented	Collaborative whiteboard canvas missing
209	In-class polls & quizzes	Completed	Live polls & quizzes templates
210	Raise hand / participation feature	Not Implemented	Interactive meeting controls missing
211	Breakout rooms for group work	Not Implemented	Interactive meeting rooms creator missing
212	Attendance auto-marked for online classes	Not Implemented	No automated zoom webhook parsers
213	Study material sharing during live class	Not Implemented	Live files broadcast is missing
214	Visitor entry log (name, purpose, time-in/out)	Completed	admin.visitors.tsx visitor logs list
215	Gate pass generation (QR / OTP based)	Partially Completed	Pass codes generated; scanner reader is mock
216	Pre-approved visitor list	Completed	Visitor whitelists directories
217	Parent visit notification to teacher	Completed	Instant notifications sent
218	Blacklist / block specific visitors	Completed	Blocked visitors directories list
219	SOS panic button (student / staff)	Completed	Panic signal triggers
220	Emergency broadcast to all parents instantly	Completed	Emergency alerts dispatcher
221	Fire drill / emergency drill scheduler	Completed	Safety drills scheduler views
222	Missing student alert	Completed	Missing flags alerts UI
223	CCTV live feed integration (admin only)	Not Implemented	No CCTV feed streamer built
224	School lockdown alert system	Completed	Lockdown signals broadcast UI
225	Bus SOS / breakdown alert to admin & parents	Completed	Breakdown alert updates logs
CERTIFICATES & EVENTS & APP-WIDE			
226	Auto-generate performance certificates	Completed	SVG templates auto-compiler
227	Participation certificates for events	Completed	Participation files renderer
228	Digital achievement portfolio per student	Completed	Student badges listings card
229	Scholarship tracking & notification	Completed	Scholarships lists
230	Student of the month recognition	Completed	Featured profiles widget
231	Co-curricular achievement certificates	Completed	Extracurricular awards cards
232	School event creation & publishing	Completed	admin.events.tsx
233	RSVP / event registration for parents	Completed	RSVP counts table logs
234	Online ticket booking for school functions	Not Implemented	Ticket pricing collections missing
235	Event photo / video gallery upload after event	Completed	Event photo galleries grids

ID	Feature Name	Status	Technical Implementation Details / Gaps
236	Volunteer signup for school events	Completed	Volunteering slot forms
237	Birthday notifications & wishes	Completed	Banners warnings triggers
238	Student council election & voting	Completed	Ballots elections forms
239	School magazine / newsletter (digital)	Not Implemented	No publication module built
240	Secure login (OTP / email / password)	Completed	Standard token validation flow
241	Biometric login (fingerprint / Face ID)	Not Implemented	No biometric APIs integrated
242	Multi-language support	Not Implemented	All layouts hardcoded in English
243	Dark mode / Light mode	Completed	Tailwind theme support active
244	In-app push notifications	Completed	Notifications list feed panel
245	Role-based access control	Completed	RBAC middleware router filters
246	Offline mode (view cached data without internet)	Not Implemented	No service worker caching built
247	Document upload & viewer	Completed	Uploader interfaces
248	In-app help & support chat	Completed	Helpdesk support tickets chats
249	Activity log / audit trail	Completed	System audit database log lists
250	GDPR / data privacy compliance	Completed	Profile delete requests parameters
251	App update & version management	Not Implemented	Version tracker checker missing
252	In-app feedback / bug report button	Completed	Direct bug logs templates forms
